Family Promise of Metro East helps children and their families experiencing houselessness achieve sustainable independence through a community-based response.

Our vision is a community where all families have equitable access to housing and the chance to build a better future.

We are one of more than 200 Family Promise organizations across the country working to address the issue of family homelessness through a local, compassionate response in partnership with faith communities, organizations and volunteers.

What you can expect:

- During the day, families will be served at our Family Day Center where they access case management, showers, laundry, phones, mail, and a place to rest. This is where school aged children will be picked up to go to the school they attended before they became houseless.

- At night families go to the Host Sites. These congregations/organizations partner with others to provide meals and overnight hospitality to 3-5 families at a time.

- Family Promise of Metro East’s Director & Housing and Resource Navigator coordinate services for guests, provide case management, and work with agencies, schools, landlords and employers to identify resources necessary for families to move to self-sufficiency.
By working as a network to serve families in NE and SE Portland, the commitment is achievable.
